How has the Cherokee Nation scholarship influenced your college and career goals?

Seeing Cherokee Nation's focus on youth and all of the help they give to college students made me realize how much impact one person or one scholarship or one event can have on a student's future. This scholarship has helped me fund my own education, and I wouldn't be where I am without the Cherokee Nation scholarship. Cherokee Nation has been a bright light in my education, and as an educator, I hope to be that light in someone's life.

What helps keep you motivated and/or inspired?

I stay motivated because I am passionate about education and the future it holds for our world. Seeing my friends pursue their passions reassures me that I can accomplish my goals. Having a community with my friends and family gives me the support I need to succeed.
